TAKE A LEAP TO THE PARTY

Following the Saturday performance, all friends and family of the 1993 graduates, alumni, and faculty are welcome to a reception being held at the Irish Center, 6886 Foreward Ave., just around the corner from Taylor Alderdice High School. Please come join us for an open bar, buffet and music to participate in our celebration!
Hope to see you there!

PICNIC

All are invited to a free picnic sponsored by the Class of 1993 on Sunday, May 23, starting at 1:00 p.m. in Schenley Park. Ask you favorite member of the Class of 1993 for directions.

GRADUATION

Everyone is invited to attend the 1993 Awarding of Diplomas on Monday, May 24, at 10:00 a.m. The ceremony will be held in the Carnegie Music hall on Forbes Avenue in Oakland.

Definitions of Important Medical Terms

- Acute Renal Failure: 1) A condition much celebrated in the Presbyterian Hospital billing office; 2) Kidney failure with rapid onset.
- Administration: 1) Bureaucratic thieves concerned only with profits; 2) Bureaucrats who supposedly run the school of medicine.
- Attending: 1) One who answers questions with little patience and much authority; 2) one who has finished medical school and residency, and is irreparably distorted by the experience; heavily sought after by females.
- CT Surgery: (from an. Hindu: "Endless penance through self-flagellation") 1) A subspecialty of surgery requiring endless training and a vicious disposition; 2) Cardiothoracic Surgery (surgery on any structure within the chest). Syn.: Neurosurgery.
- God: 1) A mysterious entity often invoked as a cause of illness, or called upon when medical treatment fails; 2) An explicative shouted into an open toilet (e.g. My God am I sick! My God); 3) Any deity.
- Intern: (from Phoenician $\iota\tau\epsilon\rho\nu$ "bottom of hole in outhouse") 1) A medical student pretending to be a resident; 2) First year who wishes to be a medical student, again.
- Janitor: 1) The nicest guy in the hospital.
- Kidney Physiology: 1) A black box; 2) the mystical explanations given for the functioning of the kidneys.
- Laboratory: (from Sanscrit: "Lightless dungeon") 1) Indoor labor camp where MD/PhD students fulfill their sentences; 2) a lightless dungeon where people work to further their academic careers.
- Lawyers: (from an. Greek: $\pi\alpha\rho\alpha\sigma\iota\tau\epsilon$ "parasite") 1) Parasite; 2) parasite.
- Loans: (from an. Tibetan: "slow, but painful death") 1) An exponentially expanding source of debt provided at a small fee; 2) the only source of revenue provided to medical students who are not independently wealthy. e.g.: Because of his loans he could not eat.
- Magee Women's Hospital: 1) A building where one may expect a degrading and condescending experience; 2) The Women's hospital of the University of Pittsburgh.
- The Match: 1) Random computerized process which enslaves medical school graduates by "matching" them to unwanted residency positions.
- MD/PhD Student: 1) Complete Moron; 2) one who has gone to the trouble of applying for two redundant degrees; 3) any medical student who is required to spend an unspecified and arbitrary number of years seeking a PhD.
- Medical School Psychologist: 1) An untrained administration position used to diffuse student problems. Syn.: rat, fink. See also: unethical breaking of confidentiality.

- Medical Student: 1) Any student who's test scores have driven him from a normal life to one of endless schooling and self-deprecation; 2) One who answers lay medical questions with little knowledge and much authority. Slang: dork, weirdo, brain.
- Medicine: 1) An obscure ancient art passed off as science; 2) the profession of last resort, but before God. See also: mental masturbation.
- OB/GYN: 1) Watered-down surgery; 2) Souped-up midwives who also wield scalpels.
- Office of Student Affairs: 1) Office where medical students whine and complain; 2) location of bureaucratic red tape.
- Orthopedic Surgery: (from old French: "Carpenters") 1) A once lowly subspecialty of carpentry miraculously transformed into a high paid subspecialty of surgery; 2) doctors who operate with power tools on bones.
- Pediatrics: (from Aztec: "one under foot") 1) Devolved internist who treats otherwise healthy children; 2) kid's doctor.
- Pit: 1) A depressed hollow area. See also: Pitt.
- Pitt: See Pit
- Presby: 1) An architecturally unappealing collection of buildings wherein patients are robbed under the guise of a non-profit organization; 2) Presbyterian University Hospital. Syn.: Mecca.
- Resident: (from an. Greek $\rho\epsilon\sigma\iota\delta\epsilon\nu\tau$ "indentured servant") 1) one who answers lay medical questions with some knowledge and much authority; 2) Medical school graduate contractually bound to a hospital.
- Scut: (slang) 1) Any meaningless, time consuming or frustrating task given to underlings in a hospital, (e.g. Medical Education).
- South Oakland: 1) A Pittsburgh slum reserved for students and criminals; 2) a Pittsburgh slum reserved for criminals and students.
- Surgery: (ca. 1800AD Prussian: "Butcher") 1) Gradually diminishing practice of painful mutilation for monetary compensation; 2) Field of medicine for people who like to cut things. Syn.: Butcher.
- Tuition: (from an. Chinese: "Extortion") 1) An arbitrary sum of money extracted annually; 2) an ever increasing sum of money extracted annually.
- Unethical Breaking of Confidentiality: 1) One who behaves like Lilly Pencower; 2) the divulging of private information gleaned from patients.
- Western Psych: 1) The loony bin; 2) A building for lunatic patients or staff.
- Women in Medicine 1) An organization for women who are ingenious at finding things to complain about; 2) an organization meant for female medical students.

HOUSE OF HIGH TUITION

(to the tune of *The House of the Rising Sun*)

There is a house in South Oakland
The House of High Tuition
And it's been the ruin of many a poor resident
And God, I know I'm one

My mother was a teacher
Sent me food sometimes
My father was and engineer
Down the old salt mines

Mothers, tell your children
Not to do what we have done
Spend your lives paying high interest loans
To the House of High Tuition.

TRIVIAL THINGS

(to the tune of *My Favorite Things* from *The Sound of Music*)

All of the muscles of facial expression
 Axons and dendrites in every direction
 Parts of cadavers all ID'd with strings
 These are Pitt Med School's most trivial things.

Now I am learning the skull's foramen
 Why are there so many and why did they name them
 With all of my studies I still haven't seen
 The fossa they call sphingopalantine.

If a dog bites or a bee stings, which enzymes to bad
 I cannot remember these trivial things
 And that's why my Boards are bad.

Bacteria and virus of microbiology
 Picorna, pox, parvo, it's as bad with histology
 Slides under microscopes, kodachromes on the screen
 Even professors don't know what they're seeing.

Molecular weight and the structure of aspirin
 Divots in cell walls all coated with clathrin
 What good to my future does this info bring
 These are just more of Pitt's trivial things.

Now the test's here, facts so unclear, Chris Widnell looks glad
 I cannot remember these trivial things
 And that's why my scores are bad!

ARE YOU GOING TO STUDENT AFFAIRS

(to the tune of *Scarborough Fair*)

Are you going to student affairs?
 Joanne, Margie, Rosemary, Yvonne.
 I once dreamed of someone helpful in there
 Then I awoke and knew I was wrong.

Canticle:

Because you think education is your business
 Yes students know what is best for themselves
 They can't make exceptions to their dumb rules
 We won't obey the gospel of Yvonne.

Tell them you'd like a schedule change
 Sorry that's something we just can't arrange
 Since you come only three months in advance
 I'm really afraid you don't have a chance.

Canticle:

Now you are taking your life in your hands
 Then they will bitch about doing more work
 Of course they say that you are going nowhere
 We have no words for this part of the song.

So you'd like an elective abroad
 You must first get permission from God
 Then fill out six forms in triplicate
 We'll lose them twice, then see about it.

SMOKED FILLED AIR

(to the tune of *Over There*)

Smoke filled air, smoke filled air
 Suck it up in your lungs, smoke filled air
 Oh the cancer's coming, the cancer's coming,
 The cancer's coming smoke filled air!

It's up to you, grab a light,
 In twenty years your chest x-ray will be all white
 Oh the cancer's coming, the cancer's coming.
 The cancer's coming, it's all right!

Mix it up with alcohol
 Your yellow skin in twenty years will say it all
 Oh it's our undoing, our health we ruin,
 When we're abusing alcohol!

Our vessels scar, our lungs are bad
 War time habits are the best we've ever had
 Oh we won't be dead in a VA sick bed,
 Our useless limbs like lead and going mad!

IF I ONLY HAD A BRAIN

(to the tune of *If I Only Had A Brain* from *The Wizard of Oz*)

The light bulb would be lit up, my skull would be all filled up
 If I only had a brain
 All the neurons would be firin,' explanations not requirin;
 I'd no longer be insane
 If Starzl would get to it, I could out think like Dr. Schuit
 If I had a working brain
 Oh, I could be a doctor, wouldn't have to be a lawyer
 If I only had a brain.

Because my chest is hollow, I feel just like Mrs. Harlow
 Oh how I need a heart
 How, my life would be a kicker with a living, pumping ticker
 If I only had a heart
 Why, I could go to Med School always feeling like a damn fool
 Then I would remark
 With all these boring classes, being taught by horse's asses
 How I really need a heart.

So this guy gets a ticker, all I want's a shot of liquor
 Or I start to shake and shiver
 Yeah I'm a happy fellow even though my skin is yellow
 Oh I really need a liver
 On the wards we talk of drinkin' while our testicles are shrinkin'
 How it makes me quiver
 I've got impressive asterixis, I know Starzl could just fix it
 If I only had a liver.

We, would like to see free transplants for all
 Perhaps an organ store down at the mall
 Charge Uncle Sam, and have a ball
 Though we don't know Marcus Welby they'll still send me to Presby
 They always find a giver
 Forget kid's vaccinations, I want my operation
 If I only had a LIVER HEART BRAIN

ORGAN MASH
(to the tune of *Monster Mash*)

I was sitting 'round and thinking 'bout my boring career
When it seems a little birdie had spoken in my ear
Suggesting I do surgery that seemed rather queer
Takin an ape's liver and transplanting it here

Chorus:
He did the mash!
He did the organ mash!
It was a transplant smash!
He did the mash!
It caught on in a flash!
The organ mash!
It was a transplant smash!

Medicine's expensive when it's done the right way
The alcoholic has his liver and you taxpayers pay
Public funds are robbed tomorrow for this liver today
But what I do is cool, you cannot stop me when I say

Chorus
The Fellows were having fun
The operation had just begun
The guests were Andreas Tzakas, Satoro Todo and John Fung

I'm just a humble genius providing transplants for all
By the way, have you seen Puzzle People at Jay's Book Stall
Just grab anyone who's dying, rush them to me down the hall
A mandatory liver is now Presby protocol

INTERMISSION

**The 27th Running
of the
Anus Equinus Derby**

Race Form and Tip Sheet

The emphasis is on stamina in this weekends running of the Anus Equinus Derby as a nine horse field attempts to negotiate the 7 furlong track.

This evenings race finds Philip "SAY A PRAYER WITH ME" Kalieda as a strong pick. The O'hara street gelding has come to hand in this last year at Children's Hospital. Consistency is the word for this entrant. He consistently does the wrong things but will not change despite strong pressure out of fear of appearing inconsistent.

Horatio "SOMEBODY FIX MY HAIR" Fabrega has shown good form when running with blinders on. It is feared that he has gone completely insane and will demand that Western Psychiatric Institute and Clinic be renamed "Horatio's House of Hair and Psychic Interviewing".

The Physiology Department has made the race as a single entry and may be the dark horse; however they may be able to gain advantage of the track conditions as they have demonstrated a certain ability to create a quagmire of manure.

Ron "HEY, I'M TALKIN' HERE!" Johnson may break his maiden in this race, not having placed in the money in his previous outings. Known for his tantrums and screaming episodes, Ron may be a little immature to race as a pony with the bigger horses in this race. Another handicap against Ron that will likely prevent him from being a serious competitor for the ANUS EQUINUS is the fact that he actually teaches, unlike the majority of the surgical attendings.

With improved conditioning by trainer James Harger, "THE FEMALE RESIDENTS" at Magee Womens Hospital may be able to come off the pace with a furious rally to try and earn the trophy this year. They really are running well, even though they don't seem to be able to get along with *anybody* or to understand the difference between *medical student* and *personal slave*.

Pete "I'M TOO SEXY FOR MY SHORTS" Land will set a flashy pace with the presence of the fillies in the race but will no doubt pull up short, tiring in the stretch. Known for his interest in young, starstruck undergrads, it is hoped that he will be able to take time off from his 'anatomical studies' to make himself available now and then to his tuition paying students.

Having been out of competition for awhile may work to the advantage of Fred "HEY, DON'T EXPECT ME TO GET INVOLVED!" Reuben, former Dean of Student Affairs. With a record of achievements as Dean so consistent with the spirit of ANUS EQUINUS, Fred Reuben is a favorite for the prize.

Dr. Dashief, a Neurology attending at UPMC, was the favored write-in for the trophy. He is once again showing the same strong form which brought him to the top of the pack in last years race.

The last entry is a controversial one. It was feared by some that this nominee's stablemate would take offense and our class (most of it) has nothing but the highest regard for Dr. Joan Harvey, Dean of Student Affairs. However, her husband, Dr. Lotz is a horse of a different color. Known in some circles as the "BUTCHER OF BETHESDA" he is favored to win by any medical student that was asked by him; "Say I hear you have a women as Dean now, What's she like?"

Track Condition: Base;average of two feet of horse manure and bull manure. Groomed, granular surface

WE WISH YOU A MAGEE CHRISTMAS
 (to the tune of *We Wish You A Merry Christmas*)

We wish you a Magee Christmas
 We wish you a Magee Christmas
 We wish you a Magee Christmas
 Because you're still here.

We'll make you desert your family
 We'll make you desert your family
 We'll make you desert your family
 And all you hold dear.

We'll force you to stay, you'll learn not at all
 All students must suffer when we must take call.

We wish you a Magee Christmas
 We wish you a Magee Christmas
 We wish you a Magee Christmas
 Because you're still here.

We're vicious and condescending
 We're vicious and condescending
 We're vicious and condescending
 But not to our peers.

We think you should be obedient slaves
 Our arrogance keeps you here on Christmas Day.

We wish you a Magee Christmas
 We wish you a Magee Christmas
 We wish you a Magee Christmas
 Because you're still here.

ARE YOU GOING TO STUDENT AFFAIRS?

(to the tune of *Scarborough Fair*)

Poor Rosemary was gentle and kind
That drove the others out of their minds
To them she had committed a crime
They put her in back and made her part-time.

Canticle:

She is always nice to the students she meets
Unlike the others, she smiles and works hard
She sells us stamps and lets us see our file
If we had our way, we'd have her be in charge.

Once a month the newsletter arrives
Full of deadlines already gone by
And the question we always ask with a frown
Why is Ms. Harlow always out of town?

Canticle:

With those sentences so condescending
We don't need reminders on what clothes to wear
Or how to act when we are doctors
One year of niceness won't make up for them all.

Are you going to student affairs?
Joanne, Margie, Rosemary, Yvonne.
I once dreamed of someone who was helpful in there
Then I awoke and knew I was wrong.

DREAMS OF WOMEN IN MEDICINE

(to the tune of *Wouldn't it be Lovely* from *My Fair Lady*)

All I want is a place to sit
Where I feel that we really fit
At the illustrious Pitt
For women in medicine

Lots of money for us to make
Neurosurg, ortho, the matches we'd take
If all their claims weren't fake
To women in medicine.

We'd be fifty percent of every class and never worse
And no one would say "You're in med school?"
Are you ever going to be a nurse??!!

Doctors lounges would let us in
Research grants we would always win
Would change be such a sin?
And there would be no urinals, urinals, urinals, urinals,
In dreams of women in Medicine.

NASTY

(to the tune of *Nasty*)

Gimme A Beat!!!

Sittin in their office chairs thinkin nasty thoughts
 Everytime I go in there they always piss me off
 That's right, let me tell you now

Nasty, nasty girls, don't do a thing, Oh, you nasty girls
 Nasty, nasty girls, are always mean, Oh, you nasty girls.

Don't need no extra grief, I just want to see my file
 The only ones they seem to like have muscles and a smile
 Only men will do, uh huh, I know.

Nasty, nasty girls, don't do a thing, Oh, you nasty girls
 Nasty, nasty girls, are always mean, Oh, you nasty girls.
 Nasty, nasty girls, are in a nasty mood, Oh, you nasty girls.
 Nasty, nasty girls, never see their nasty bodies move, Oh you nasty girls.

They could try to like us.

I'm not a kid, I just want some respect
 Can you understand my dear friend, Yvonne.
 Your condescending ways must change
 They're tiresome and they're old.
 We're not your child, we're students,
 That's doctor, come Monday!

Nasty, nasty girls, don't do a thing, Oh, you nasty girls
 Nasty, nasty girls, are always mean, Oh, you nasty girls.

Who's that hiding behind those plants?....Nasty girls!
 Who only talks to those in pants?....Nasty girls!
 Who's that doing her nasty hair?Nasty girls!
 Who's givin me that nasty stare?Nasty girls!

LadiesNasty girls, don't do a thing. Oh, you nasty girls.

THAT'S LIFE

That's life, that's what all the people say
You're riding high on Monday, shot down in May
But I ain't never gonna change my tune
When I'm back on top, in the month of June

I said, that's life, and as funny as it may seem
Some people get their kicks stomping on a dream
But I don't ever let it get me down
cause that big old world keeps spinning round.

Been a puppet, a pirate, a poet, a pauper, a pawn, and a king
Been up and down and over and out, and I know one thing
Each time that I found myself flat on my face
I picked myself up and got back in the race.

That's life, and I can't deny it
Many times I thought of quitting, but my heart wouldn't buy it.
If I didn't think it was worth one try
I'd jump right on a big bird and I'd fly.

Been a puppet, a pirate, a poet, a pauper, a pawn, and a king
Been up and down and over and out, and I know one thing
Each time that I found myself flat on my face
I picked myself up and got back in the race.

That's life, and I can't deny it
Many times I thought of quitting, but my heart wouldn't buy it
If I don't think it was worth one try
I'd roll myself up in a big ball, and fly.

THE END

The Scope and Scalpel Society, Class of 1993

GOLDEN APPLE AWARD

For Excellence in Teaching During the Clinical Years

There were 47 nominees by the Class of 1993 for this year's Golden Apple Award and unfortunately do to space restrictions we could not print the entire list. Each nominee was considered by the class of 1993 to be extremely talented and dedicated educators. Nominees have demonstrated:

An engaging teaching style,
A deep interest in students' education,
Refreshing candor, and
A genuine sense of humor.

We would like to sincerely thank them for their efforts.

The nine finalist for this year's award are:

**Dr. Wayne Christopherson, Obstetrics and Gynecology,
Magee Women's Hospital**
Dr. Mario Fatigati, Internal Medicine, St. Francis Hospital
**Dr. James Ferrante, Family Practice, St. Margaret's
Hospital**
**Dr. Carl Fuhrman, Radiology, University of Pittsburgh
Medical Center**
**Dr. James Harger, Obstetrics and Gynecology, Magee
Women's Hospital**
**Dr. Elmer Holzinger, Internal Medicine, St. Francis
Hospital**
**Dr. Ken Schuit, Pediatrics, Children's Hospital of
Pittsburgh**
**Dr. Ellen Wald, Pediatrics, Children's Hospital of
Pittsburgh**
**Dr. Charles Watson, Surgery, University of Pittsburgh
Medical Center**

The winner of the 1993 Golden Apple Teaching Award will be announced immediately following the Saturday evening performance of "Quantum Beep"

Break
a leg!

Our heartiest congratulations to the
Class of '93. Best wishes for a great
performance — on stage and in life.

University of Pittsburgh
Medical Center

Follow your dream. . .

Take one step at a time
And don't settle for less,
Just continue to climb.

Follow your dream. . .

If you stumble don't stop
And lose sight of your goal,
Press on to the top. . .

For only on top

Can we see the whole view,
Can we see what we've done
And what we can do,
Can we have the vision
To seek something new. . .

Press on,
And follow your dream.

— A. Bradley

—THINKING ABOUT FAMILY MEDICINE?

Choosing the right residency program is one the most important decisions you face.

Your choice ultimately will shape your development as a family physician. If you are interested in family medicine, consider what the Family Practice Residency Program at St. Margaret Memorial Hospital offers.

- the opportunity to train in Pennsylvania's oldest and largest family practice residency program.
- a dedicated staff of full-time teaching physicians.
- a wide variety of relevant mandatory rotations and flexibility in scheduling the large number of available elective rotations.
- invaluable "real-world" experience practicing medicine in the

hospital's Family Health Center.

- a dynamic teaching-oriented medical staff with over 40 family practitioners.
- the learning environment of a modern 267-bed acute-care community and teaching hospital which provides the latest in equipment, design and technological advances.

As a family practice resident at St. Margaret, you will receive the optimum amount of individualized attention, skilled instruction and support you will need to become a practicing family physician.

For additional information, contact Donald B. Middleton, M.D., Director, Family Practice Residency Program at (412) 784-4232.

**Hamot Medical Center
Residency Programs**

Recognized both regionally and nationally for quality care and medical expertise, Hamot Medical Center in Erie, Pa., is a 536-bed regional referral center staffed by over 300 physicians and 2,700 employees. Each year nearly 20,000 inpatients and over 270,000 outpatients seek care at Hamot for specialized treatment in a wide range of services including cardiology, neurosurgery, orthopaedics and neonatology.

A regional campus of the Medical College of Pennsylvania, Hamot offers residency programs in family practice, orthopaedic surgery and transitional year. Senior electives include primary care, psychiatry, medicine, surgery, orthopaedic surgery and more.

Situated on Lake Erie and Presque Isle Bay, Erie is the third largest city in Pennsylvania and offers residents an endless array of recreational and cultural opportunities.

*Our Community Spirit
...is flying high!*

A Heinz USA, our spirits soar with pride! Through the years our commitment to the local community has risen to meet ever-changing needs. We've provided financial support to such vital programs as job training, drug and alcohol rehabilitation, medical research and food banks. We've also aided United Way agencies, children's hospitals, colleges and youth programs.

We think that by assisting local organizations we can make a big difference in our community. That's why Heinz helped establish EMS units, centers for the mentally and physically handicapped, medical research programs...and many others.

The efforts of these groups haven't simply "glided along." They've done much to improve our quality of life. It's because of their success that we're flying high!
